*Ulla Pihl (voc)
Emil Jensen (trp)
Laust Jørgensen (pno),
Jesper Thorn (bs)
Marc Lohr (dr)*

"Oh Mighty Thought-control" is Lima Lima's debut album and will be released in april 2008 on the new Danish label Your Favourite Records.

The music is an offspring of Ulla Pihl's own little world, which through music can be experienced by everybody else. You will notice very fast that Ulla Pihl's world is different from your own; physics don't apply, money doesn't exist... or to make it short: everything is as twisted as her own curly hair.

The lyrics are in English and served with a good portion of self-irony, humour and warmth. Strong melodies and lines are keywords for the band combined with rock-steady or half broken grooves which give a unique sound to the album and to the bands much sought-after live concerts.

The instrumentalists around Ulla Pihl's voice are Emil Jensen on trumpet (Joybud, Farven Luft, Healthy Baby), Laust Jørgensen on piano (Jumpsuit, Beaterbox), Jesper Thorn (Refraction, Lars Winther Trio, Sidsel Storm 4-tet) and Marc Lohr on drums (Exil, Flux, Schneeweiss und Rosenrot). All of them are educated either at the Rhythmic Music Conservatory in Copenhagen (Denmark), the Royal Conservatory in the Hague (Netherlands), or both.
